ABOUT US

Anything Will Do (AWDORG Foundation) is a non-profit organization in India, dedicated to serving humanity and all living beings. Founded by Charanjeet Dhiman and Deeksha Sati, our organization is powered by a committed team of over 400+ volunteers who work together with compassion, purpose, and 100% transparency.

OUR EXPERIENCE

Over the past 5 years, we've worked on diverse projects:

1. **PROJECTration™**
Provided dry ration to 17,500+ families and cooked food to 74,000+ individuals.
2. **PROJECTmilkyway™**
Provided free milk to 700+ children during lockdowns.
3. **PROJECTfeedme™**
Fed 11,000+ stray animals.
4. **PROJECTelevate™**
Assisted 2,000+ people with Aadhaar Card during lockdown.
5. **PROJECTemploy™**
Provided career counseling & referred job opportunities to those in need.
6. **PROJECTpro™**
100+ professionals volunteered with thier skills for our Project Educate.
7. **PROJECTlife™**
Assisted with oxygen supply, concentrators plasma and blood donations, ambulance services, and ICU bed arrangements during lockdowns.
Providing financial and emotional support for medical treatment by raising funds for individual cases.
8. **PROJECTeducate™**
Our current focus is on empowering underprivileged children through:
 - Free computer courses at our COCO (Community Owned, Community Operated) Centers.
 - Support with fees, books, and counseling
 - Uplifting underprivileged schools & Integrating them into our (PEC) Project Educate Centers

We believe education unlocks potential and creates a better future.

FOUNDERS

Charanjeet Dhiman

Founder

"Charity starts within," says Charanjeet Dhiman, Founder of Anything Will Do. With over 20 years of experience in media production, Charanjeet has amplified the voices of the underprivileged, driven by compassion and a deep belief in humanity. He is a National Journalism Award winner, recognized for saving 400+ families and exposing government atrocities through his impactful work.

Deeksha Sati

Co-Founder

Deeksha left her corporate hospitality career to pursue a life of purpose, dedicating herself to humanitarian work and education for underprivileged children. As the Co-Founder of Anything Will Do, she has worked tirelessly to support vulnerable communities—most notably during the COVID-19 pandemic, while she was pregnant.

OUR MISSION

AWDORG Foundation is committed to compassionately serving humanity by providing timely and meaningful support to those in need. Through unwavering dedication, we strive to improve the lives of the underprivileged and vulnerable.

OUR VISION

We envision a future where underprivileged children are empowered with quality education and digital literacy, enabling them to become self-reliant individuals who can manage their lives, pursue their dreams, and contribute to their communities with dignity and independence.

WHAT WE DO

- 1. Digital Literacy:** Setting up computer labs in underprivileged schools.
- 2. Empowering Communities:** Offering free computer courses via COCO Centers.
- 3. Holistic Support:** Counseling, motivation, and career guidance through our Project Educate Centers.
- 4. Fee Support:** Covering school/college fees for deserving students.
- 5. Digital Access:** Distributing free refurbished laptops for online learning.

Sustainability Efforts

- 1. Refurbishing Used Devices:** Repairing and reusing donated devices for education.
- 2. Reducing E-Waste:** Minimizing electronic waste through reuse.
- 3. resource optimization:** Reducing paper usage in our operation.

NEXT FIVE YEAR GOALS

1. Establish 100+ PEC's (Project Educate Centers) & Maintaining Them

Set up fully-equipped computer labs in over 100 underprivileged schools and COCO Centers across underserved communities.

2. Empower 50,000+ Learners

Provide digital literacy training and free computer courses to more than 50,000 students, youth, and adults.

3. Train 1,000+ Local Educators & Volunteers

Build local capacity by training over 1,000 teachers, instructors, and community volunteers in digital education delivery.

4. Support 5,000+ Students with Fee Assistance

Provide full or partial educational fee support to at least 5,000 deserving students through our scholarship and sponsorship programs.

5. Collect and refurbish 1,000+ used devices

Devices to distribute to students and schools in need, while actively reducing e-waste and promoting eco-friendly education solutions.

HOW WE DO IT

- **Needs Assessment:** We collaborate with educators and community leaders to identify schools lacking digital infrastructure.
- **Resource Mobilization:** Through partnerships with donors and tech companies, we source refurbished computers, software, and equipment.
- **Infrastructure Setup:** Volunteers and IT professionals set up computer labs with power backup and internet access wherever possible.
- **Teacher Training:** Local teachers receive training to integrate digital tools into classroom teaching.
- **Student-Centered Curriculum:** We teach basic computer skills, typing, internet safety, and productivity tools like MS Office or Google Workspace.
- **Ongoing Support:** We provide regular maintenance, software updates, and tech assistance to ensure smooth operations.
- **Setting Up COCO Centers:** We establish accessible community centers equipped with basic computer infrastructure.
- **Free Courses for All Ages:** Beginner-friendly classes cover internet use, email, typing, and office software – for all age groups.
- **Local Trainers, Greater Impact:** We train community members to serve as instructors for sustainable, relatable learning.
- **Flexible Schedules:** Courses are designed to fit the schedules of students, homemakers, and working individuals.
- **Hands-On Learning:** Hands-on sessions build real confidence and digital independence.
- **Community Engagement:** We host tech awareness sessions to encourage digital inclusion and participation.
- **Continuous Learning Pathways:** Graduates are guided toward further online learning opportunities, job-readiness programs, or internships.

⚠️ PROBLEM STATEMENT

In today's world, digital literacy is a basic necessity, not a luxury. Yet, thousands of students in underprivileged communities are falling behind because they lack access to:

- Computers or internet
- Quality digital education
- Financial means to continue learning

⚠️ CHALLENGES WE FACE

- ✓ Funding gaps that limit our reach
- ✓ Lack of basic infrastructure in rural schools
- ✓ Shortage of working computers & laptops
- ✓ Need for trained digital educators
- ✓ Low awareness in communities about digital education
- ✓ Sustainability of labs and support systems
- ✓ Responsible e-waste management

Every rupee matters. Every device counts. Every child deserves a future.

THE NEED FOR FUNDING – HELP US BUILD THE FUTURE

At Anything Will Do (AWDORG Foundation), we've witnessed how access to digital education can unlock opportunity, build confidence, and transform lives. With 50 active Project Educate Centers (PECs) and 2 fully operational Centers of Excellence, we're already creating a meaningful impact across communities. Now, as we gear up to launch 50 more PECs and 10 additional Centers of Excellence, our expansion is accelerating like never before—and we need your support to keep this powerful movement growing.

Each new PEC (Project Educate Center) brings digital learning to a community that's been left behind. But setting up a center with high-quality, durable infrastructure takes resources.

Full Setup Cost for 1 Center Of Excellence: ₹3,74,000/-

Each Center Of Excellence includes:

- 6 Laptops/Desktops
- 100 Mbps Internet Connection
- 8-Port Networking Switch + Cabling
- IP CCTV Camera System
- 6 Webcams, Speakers, Condenser Mic
- Smart LED Projector
- 6 Computer Tables & Chairs
- Inkjet Printer + Basic Stationery
- Salary for a Center Manager
- Transport & Setup Logistics

How Your Contribution Can Help

- 🖥️ ₹3,74,000 – Set up 1 Center Of Excellence
- 👨‍🎓 ₹18,70,000 – Fund 5 Center Of Excellence in underserved communities
- 🏫 ₹1,80,000 – Uplift 1 school with digital Lab
- 👨‍🎓 ₹50,000 – Sponsor school fees and books for 10 students
- 🎓 ₹25,000 – Provide a year of high-speed internet + maintenance for 1 PEC
- 👨‍🎓 ₹15,000 – Train and support one local volunteer educator
- ♻️ ₹5,000 – Donate a refurbished laptop to a deserving student

REQUEST LETTER

Dear Sir/Mam,

01/04/2025

I am delighted to submit our proposal for **PROJECTeducate™**, an initiative by Anything Will Do (AWDORG Foundation), for your consideration. We believe this project aligns with your values and goals, and we would be honored to have your support.

PROJECTeducate™ aims to establish 100 Project Educate Centers (PECs) across pan India, providing digital literacy and life skills to underprivileged students. Our objective is to bridge the digital divide, motivate students to pursue further education, and equip them with the knowledge and skills necessary to succeed.

We request funding of ₹3,74,000 per PEC as setup costs and ₹22,000 as recurring costs for each center. Your support will enable us to create fully operational PECs, empowering students with digital literacy, counselling, and knowledge beyond their syllabus.

I would be happy to address any questions or concerns you may have. Please feel free to contact us at info@anythingwilldo.org or +91 98113 01101.

Thank you for considering our proposal. We look forward to the opportunity to collaborate

Regards,

Charanjeet Dhiman

PROJECTeducate™ IMPACT

Over the past five years, **PROJECTeducate™** by AWDORG Foundation has grown from a focused effort to support individuals with educational needs into a large-scale initiative creating real change across communities. Our mission is rooted in making quality education and digital empowerment accessible to all – and the numbers speak for themselves:

1. Education That Reaches Far and Wide

- 50 underprivileged schools uplifted across 10 Indian states.
- 50,000+ children impacted with learning support and resources.
- Rs. 500000 worth fees paid every year.

2. Empowering Minds Beyond the Classroom

- 500+ individuals digitally trained, equipping them for a technology-driven world.
- 5,000+ individual counseling sessions conducted to support emotional and academic wellbeing.

3. Driving Digital Inclusion & Sustainability

- 50+ laptops donated to students and individuals in need.
- Commitment to reducing paper usage and minimizing e-waste through digital education tools and sustainable practices.

PROJECTeducate™ is more than an initiative – it's a movement to empower the next generation with the tools they need to thrive in a digital, connected world.

"When you educate a child, you don't just change one life – you change the future."
